THE ART OF LIFE AT SEA

M/Y ON is a 33-metre Custom Line Navetta 33 that brings together contemporary Italian design, exceptional volume and the effortless elegance of life at sea.

Delivered in 2020, her tri-deck configuration has been conceived around space, privacy and a seamless connection with the water. Expansive glazing fills the interiors with natural light, while refined materials and understated tones create an atmosphere that feels both sophisticated and remarkably inviting.

Accommodation is arranged across five beautifully appointed guest cabins for up to 11 guests, including a full-beam Owner's suite positioned privately on the main deck. Generous living areas extend throughout the yacht, complemented by multiple spaces for open-air dining, relaxation and entertaining.

Outside, ON reveals some of her most compelling qualities. From her expansive upper and sun decks to the deck Jacuzzi, generous lounging areas and hydraulic swim platform, every level offers a different way to experience the sea. At anchor, stabilisation further enhances the sense of comfort and tranquillity on board.

With her distinctive Custom Line pedigree, elegant proportions and highly desirable layout, ON presents a compelling opportunity for an owner seeking a sophisticated 33-metre yacht with exceptional spaces for both private living and entertaining.

Further information regarding the yacht and the proposed transaction is available to qualified prospective buyers upon request. Confidential ownership, registration, financial and supporting documentation will be made available at the appropriate stage, subject to execution of an NDA.
